Pocket Neurology M. Brandon Westover

Written by residents for residents, *Pocket Neurology*, 2nd Edition is your go-to resource for essential neurologic information in a high-yield, easy-to-use format. Concise and well organized, it provides must-know information on hospital- and clinic-based neurologic workup, diagnosis, and management. The second edition of this pocket-sized bestseller delivers highly relevant adult neurologic coverage in an easily portable source.

Find what you need quickly and easily with concise text, numerous tables, and bulleted lists throughout. Progress logically from neurologic signs and symptoms to differential diagnosis, workup and diagnosis, assessment of risks and benefits of available treatments, to treatment and prognosis.

Focus on the most important, highly relevant facts thanks to a streamlined presentation that allows for more algorithms, tables, diagrams, and images.

Stay up to date in every area of neurology with significantly revised chapters on stroke, epilepsy, dementia, and MS, and more drug dosing information regarding inpatient care.

Consult this high-yield handbook by clinical presentation, such as coma, stroke, headaches, and seizures, or by special topic, such as neuroimaging, behavioral neurology, and sleep medicine.

Learn from neurology residents and beginning neurology fellows in collaboration with attending neurologists at the Massachusetts General Hospital, Brigham and Women's Hospital, Children's Hospital Boston, and Beth Israel Deaconess Medical Center.

From reader reviews:

John Alfaro:

Nowadays reading books become more than want or need but also work as a life style. This reading habit give you lot of advantages. The huge benefits you got of course the knowledge the particular information inside the book this improve your knowledge and information. The information you get based on what kind of reserve you read, if you want drive more knowledge just go with training books but if you want experience happy read one with theme for entertaining like comic or novel. The actual Pocket Neurology is kind of e-book which is giving the reader unstable experience.

Myra Lopez:

Reading a e-book can be one of a lot of task that everyone in the world likes. Do you like reading book and so. There are a lot of reasons why people enjoy it. First reading a book will give you a lot of new information. When you read a guide you will get new information mainly because book is one of a number of ways to share the information or their idea. Second, reading through a book will make a person more imaginative. When you looking at a book especially fictional book the author will bring you to definitely imagine the story how the figures do it anything. Third, it is possible to share your knowledge to other folks. When you read this Pocket Neurology, you may tells your family, friends and also soon about yours e-book. Your knowledge can inspire the mediocre, make them reading a reserve.

Jay Blanchard:

Your reading 6th sense will not betray you, why because this Pocket Neurology reserve written by well-known writer whose to say well how to make book which might be understand by anyone who read the book. Written with good manner for you, still dripping wet every ideas and creating skill only for eliminate your personal hunger then you still hesitation Pocket Neurology as good book not only by the cover but also from the content. This is one guide that can break don't determine book by its handle, so do you still needing yet another sixth sense to pick that!? Oh come on your studying sixth sense already alerted you so why you have to listening to another sixth sense.

Peggy Elmore:

Reading a book make you to get more knowledge as a result. You can take knowledge and information from a book. Book is created or printed or created from each source that filled update of news. In this modern era like at this point, many ways to get information are available for an individual. From media social including newspaper, magazines, science publication, encyclopedia, reference book, fresh and comic. You can add your understanding by that book. Do you want to spend your spare time to spread out your book? Or just in search of the Pocket Neurology when you necessary it?
