After an accident allowed surgeons to reconstruct her face with Barbie in mind, Misty Cordell focused on proving to herself she's much more than a pretty face, even joining the Medusas, the first all-female Special Forces team. But when she saves a handsome pilot, it's a good thing she knows that looks can be deceiving. Because Gregorii Harkov isn't who he says he is.

As Greg and Misty run for their lives from an unknown enemy, they hardly know whether to trust one another, let alone anyone else. Can they find their way through the layers of deception to the only truth that matters?
