Tomo III de Colombia en la Colección América Latina en la Historia Contemporánea

Dirigido y coordinado por Eduardo Posada Carbó.

Este volumen cubre uno de los periodos más incomprensidos de la historia colombiana. Fueron años excepcionales por los constantes cambios de regímenes políticos. Entre 1880 y 1930, el país pasó primero del dominio del liberalismo radical a la Regeneración (alianza del independentismo de Rafael Núñez con el conservatismo de Miguel Antonio Caro), seguido de un golpe de Estado, de la más larga guerra civil del siglo XIX y de la dictadura de Rafael Reyes. Pero en 1910, Colombia se enrumbó hacia la estabilidad institucional, acompañada de cierta apertura política bajo el liderazgo del partido republicano, y sucedida por la configuración del bipartidismo, inicialmente bajo la hegemonía conservadora. Siguió dos décadas de paz relativa, auge cafetero, y prosperidad.

La colección América Latina en la Historia Contemporánea es uno de los proyectos editoriales más importantes de las últimas décadas y una aportación original y novedosa a la historiografía sobre América Latina en la que han participado más de 400 historiadores de diversos países. Presenta una visión plural y accesible de la historia contemporánea de las naciones latinoamericanas -incluyendo aquellas otras, europeas o americanas, que más han aportado a su materialización- y revela las claves políticas, sociales, económicas y culturales que han determinado su trayectoria y el lugar en el mundo que hoy ocupan.

**** Premio de la revista La Aventura de la Historia a la mejor iniciativa editorial**
