'Enough to Keep Them Alive': Indian Social Welfare in Canada, 1873-1965 Hugh E.Q. Shewell

Far from being a measure of progress or humanitarian aid, Indian welfare policy in Canada was used deliberately to oppress and marginalize First Nations peoples and to foster their assimilation into the dominant society. *'Enough to Keep Them Alive'* explores the history of the development and administration of social assistance policies on Indian reserves in Canada from confederation to the modern period, demonstrating a continuity of policy with roots in the pre-confederation practices of fur trading companies.

Extensive archival evidence from the Indian Affairs record group at the National Archives of Canada is supplemented for the post-World War Two era by interviews with some of the key federal players. More than just an historical narrative, the book presents a critical analysis with a clear theoretical focus drawing on colonial and post-colonial theory, social theory, and critiques of liberalism and liberal democracy.
