Strands: A Year of Discoveries on the Beach Jean Sprackland

Strands describes a year's worth of walking on the ultimate beach: inter-tidal and constantly turning up revelations: mermaid's purses, lugworms, sea potatoes, messages in bottles, buried cars, beached whales and a perfect cup from a Cunard liner.

This is a series of meditations prompted by walking on the wild estuarial beaches of Ainsdale Sands between Blackpool and Liverpool, *Strands* is about what is lost and buried then discovered, about all the things you find on a beach, dead or alive, about flotsam and jetsam, about mutability and transformation - about *sea-change*.
