EPISODE 7 OF 8: Determined to gather evidence confirming Brick's traitorous activities, NBS agent Arthur Hall with the help of new agents Felicity Wilson, and Dr. Leah Carlsson begins organizing a sting, one he hopes will also expose Brick's rogue contact deep within NBS, whom he believes is Agent Sullivan. Meanwhile, with Project Tessarap nearly finished, Mr. Andrew Lennox, head of The Syndicate's high-class prostitution ring, is planning a test-run of the organic thin-film transistors capable of stealing sensitive data from cell phones. Lennox invites Felicity to join his business dinner with TriMark's Dr. Adams to serve as a distraction. But she secretly has her own personal mission that evening: to seduce Brick, and place a transistor on his phone, trusting it will provide Agent Hall with the evidence he needs to incriminate him. Just as Agent Hall's plan begins to take shape, Felicity is made a startling offer. Will she question her own morality? More importantly, can she keep the pact?

-- ABOUT THE SERIES: NBS agents are trained for one purpose: bringing down The Syndicate, an international crime organization aimed at profiteering by keeping countries at war with one another. When an NBS agent is murdered shortly before her first assignment, five new recruits quickly realize the agency they're working for may not be as trustworthy as it seems, forcing them to make a pact in order to survive. Can the new agents stay alive long enough to uncover the truth behind their fellow recruit's death? Or is finding answers hidden deep within both organizations tempting enough to make one of them break the pact?
