## **Feminine in Fairy Tales** Marie-Louise Von Franz

In this engaging commentary, the distinguished analyst and author Marie-Louise von Franz shows how the Feminine reveals itself in fairy tales of German, Russian, Scandinavian, and Eskimo origin, including familiar stories such as "Sleeping Beauty," "Snow White and Rose Red," and "Rumpelstiltskin." Some tales, she points out, offer insights into the psychology of women, while others reflect the problems and characteristics of the anima, the inner femininity of men. Dr. von Franz discusses the archetypes and symbolic themes that appear in fairy tales as well as dreams and fantasies, draws practical advice from the tales, and demonstrates its application in case studies from her analytical practice.
