This book provides a unique introduction to Microsoft Publisher that allows the reader to learn this software quickly with as little effort as possible. Featuring an easy-to-use text and excellent organization, *Microsoft Publisher* is about solving business problems, not about learning software features. It employs Microsoft-recommended "procedural syntax," ensuring that the user does the right thing in the right place. Organized into "lessons" , this book covers such topics as getting started, working with text, working with graphics, design sets, tables and mail merge, and creating a website. For any reader that needs to utilize Microsoft Publisher to meet their business needs.
