Birding Indonesia is a concise field guide to bird-watching in Indonesia

The Indonesian archipelago contains 17% of the world's bird species, of which 381 are found nowhere else on earth. Written by the world's leading authorities on Indonesian birds, this book directs you in search of these specialities, to sites as varied as the environments of Jakarta to Arfak Mountains in Irian Jaya

Practicalities: Travel information geared to every budget, including details of transport, accommodations, dining prices, as well as specialist information relevant to birders

Information: Essays on bird families, a history of Indonesian ornithology, today's conservation efforts, and much more. A complete checklist of Indonesian birds, with common and scientific names(along with the areas in which the birds are found), and a bibliography.

Photography and Maps: More than 130 color photographs showing some of Indonesia's top birds and birding sites and 28 maps (some with bird habitats marked in color)
