Conversion in the New Testament: Paul and the Twelve Mr. Richard V. Peace

This inspiring look at conversion in the Bible offers promising new changes in the way we view-and do- evangelism today. In order to be effective in evangelism, one must clearly understand the dynamics of conversion. Richard Peace here examines two very different conversion experiences-Paul's and the twelve disciples'-and explains their implications for contemporary evangelism. By showing how conversion can take place either suddenly or gradually over time, Peace gives good reasons, and suggests practical ways, to replace one-sided evangelism techniques with more wholistic methods.
