Plays by August Strindberg: The Dream Play - The Link - The Dance of Death August Strindberg
August Strindberg is considered the father of modern Swedish literature. Here are collected three of his finest plays, written during what he called his 'Inferno period', a period just following a series of psychotic episodes, they are full of wild imagery, intense and powerful characters and touch on realism and naturalism in a groundbreaking way for the time. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. Hesperides Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
