## **Beyond the Boundaries: Life and Landscape at the Lake Superior Copper Mines, 1840-1875 (Michigan)** Larry Lankton

Spanning the years 1840-1875, *Beyond the Boundaries* focuses on the settlement of Upper Michigan's Keweenaw Peninsula, telling the story of reluctant pioneers who attempted to establish a decent measure of comfort, control, and security in what was in many ways a hostile environment. Moving beyond the technological history of the period found in his previous book *Cradle to the Grave: Life, Work, and Death at the Lake Superior Copper Mines* (OUP 1991), Lankton here focuses on the people of this region and how the copper mining affected their daily lives.

A truly first-rate social history, *Beyond the Boundaries* will appeal to historians of the frontier and of Michigan and the Great Lakes region, as well as historians of technology, labor, and everyday life.
