## **Post-Backlash Feminism: Women and the Media Since Reagan-Bush** Kellie Bean

This work scrutinizes the prefix-based language of post-backlash feminism and calls for a reclamation of American feminist terminology. Questioning the merits of "Do Me feminism," "Eco feminism"; and "girlie," among other isms, the author argues that the proliferation of so-called "prefix feminisms;" has weakened the feminist movement by narrowing its focus into shallow interpretations of a broad social and political cause. The author assesses anti-feminist media coverage, particularly following the Reagan administration and the Clinton-Lewinski affair, and concludes that efforts to reclaim a pro-woman politic must begin with reclaiming pro-woman language.
