Theta Healing: Introducing an Extraordinary Energy Healing Modality Vianna Stibal

In 1995, Vianna Stibal, a mother of three young children, was diagnosed with a cancer that was quickly destroying her right femur. Everything she had tried using conventional and alternative medicine had failed, until she employed a simple technique that she used in her work as an intuitive reader. Amazed that she had cured herself instantaneously, Vianna started to use this technique in her sessions with clients and saw person after person miraculously heal. ThetaHealing is essentially applied quantum physics. Using a theta brain wave, which until now was believed to be accessible only in deep sleep or yogi-level meditation, the practitioner is able to connect with the energy of All That Is - the energy in everything - to identify issues with and witness healings on the physical body, and to identify and change limiting beliefs. Discover:

- the belief and feeling work that can instantly change the thinking within you that creates illness
- the 7 Planes of Existence, a concept that allows you to connect to the highest level of love and energy of All That Is
- how to develop the ability to change on all levels: physically, mentally, emotionally and spiritually, using the Creator of All That Is.
