In 1982, to coincide with Blade Runner's original release, Cinefex, the respected magazine devoted to movie design and special effects devoted an entire, extended issue to Ridley Scott's sci-fi masterpiece. That issue has been out of print since then, but in constant demand -- copies now sell on the collector's market for over USD100. Titan Books is proud to bring this classic back into print, in a remastered hardcover edition.

Described as 'the single most comprehensive examination of Blade Runner's special effects', this must-have book contains scores of images not available elsewhere, as well as authoritative text, containing in-depth, exclusive interviews with director Ridley Scott and the legendary designer Syd Mead.
