Comparative Criminal Justice Systems Harry R. Dammer, Erika Fairchild

The revision of this best-selling book presents a comprehensive analysis of how various criminal justice systems throughout the world compare. Harry Dammer has extensively revised the text to reflect the latest trends and most up-to-date information on international juvenile justice, policing and terrorism. By using a topical approach (examining various aspects of each system, such as policing, drugs, sentencing, and juvenile justice) rather than a country- by-country approach, the book gives students a more realistic understanding of the similarities and differences of each system. The authors use six "model" countries (China, England, Germany, Japan, Saudi Arabia, and France) to provide specific examples and explore historical, political, economic, social, and cultural influences on each system.
