How Hollywood Works

Janet Wasko

How Hollywood Works Janet Wasko

This is a book about the US motion picture industry - its structure and policies, its operations and practices. It looks at the processes that are involved in turning raw materials and labor into feature films. It describes the process of film production, distribution, exhibition and retail - a process that involves different markets where materials, labor and products are bought and sold. In other words, this is a book about how Hollywood works - as an industry. *How Hollywood Works*: - offers an up-to-date survey of the policies and structure of the US film industry - looks at the relationship between the film industry and other media industries - examines the role of the major studios and the other 'players' - including, law firms, talent agents, and trade unions and guilds - provides access to hard-to-find statistical information on the industry. While many books describe the film production and marketing process, they usually do so from an industry perspective and few look at Hollywood critically from within a more general economic, political and social context. By offering just such a critique, Janet Wasko's text provides a timely and essential analysis of how Hollywood works for all students of film and media.

Jacqueline Kellett:

As a scholar exactly feel bored in order to reading. If their teacher requested them to go to the library in order to make summary for some reserve, they are complained. Just small students that has reading's heart and soul or real their hobby. They just do what the professor want, like asked to the library. They go to right now there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this period, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore , this How Hollywood Works can make you sense more interested to read.
