My background in Elder Care Planning and Living Trust allowed me to help my parents preserve their assets, while avoiding spending-down their assets to a nursing home. There are so many programs that are available for seniors, but they don't know where to turn for proper help.

There are government programs out there that available for seniors and their care-givers (learn what they are), all are available to help defray your Long Term Care Needs. Learn coping skills as a care-giver, as well as getting the respect you deserve while grieving. Learn how to take care of you and your loved one.

I had the honor of caring for both my parents. My father suffered with prostate cancer and it had gone into his bones; I talk briefly about a drug that virtually took away his pain in the last 3 months of his life; most doctors haven't heard of it. Learn about care-giving skills that will work for you.

Come with me on My Roller Coaster Journey with "My Two Best Friends." Anyone will benefit from my book; plan now, don't wait for the need. If you like my book, please tell your family and friends; help me spread awareness to the American public and in other countries.
