Quick Medical Terminology: A Self-Teaching Guide (Wiley Self-Teaching Guides) Shirley Soltesz Steiner, Natalie Pate Capps

The new, updated edition of the classic medical terminology reference with over 200,000 copies sold

Quick Medical Terminology has long been relied on by students and medical professionals looking to build or update their medical vocabulary. This new fifth edition provides the tools and information needed to understand the simple logic behind hundreds of seemingly incomprehensible words, along with fresh exercises and current examples.

- Features new review exercises and self-tests, more than 250 new terms, medical measurements, and up-to-date examples
- Provides the tools necessary for building and sustaining a large working repertoire of medical terms
- The reference of choice for health practitioners and others who need to expand, improve, or refresh their medical vocabularies

Filled with essential information presented in a clear and easy-to-follow format, *Quick Medical Terminology* is an invaluable learning tool and reference source.
