Marshall I. Goldman

The Piratization of Russia: Russian Reform Goes Awry Marshall I. Goldman

In 1991, a small group of Russians emerged from the collapse of the Soviet Union and enjoyed one of the greatest transfers of wealth ever seen, claiming ownership of some of the most valuable petroleum, natural gas and metal deposits in the world. By 1997, five of those individuals were on *Forbes Magazine's* list of the world's richest billionaires. These self-styled oligarchs were accused of using guile, intimidation and occasionally violence to reap these rewards. Marshall I. Goldman argues against the line that the course adopted by President Yeltsin was the only one open to Russia, since an examination of the reform process in Poland shows that a more gradual and imaginative approach worked there with less corruption and a wider share of benefits.

The Piratization of Russia is an accessible, timely and topical volume that is required reading for those with an interest in Russian reform. Its appeal will range from students, academics, economists and politicians to the interested lay-reader keen to understand Russia's problems and learn how they could have been avoided.

Nancy Brown:

As a student exactly feel bored to help reading. If their teacher asked them to go to the library as well as to make summary for some e-book, they are complained. Just small students that has reading's spirit or real their passion. They just do what the trainer want, like asked to go to the library. They go to there but nothing

reading significantly. Any students feel that studying is not important, boring in addition to can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. So , this The Piratization of Russia: Russian Reform Goes Awry can make you experience more interested to read.
