Crime Online Thomas J. Holt

The ubiquity of computers and the role of the Internet have drastically changed the landscape of crime and deviance. Computer technology enables offenders to anonymously target victims around the world, connect with others who share their interests, and participate in various crimes. The Internet and cellular telephony are increasingly incorporated into real world offenses, such as prostitution, where sex workers and clients can connect with minimal risk of detection. At the same time, new forms of offending have emerged as a direct consequence of technology, such as computer hacking, which can be used for both beneficial and illegal purposes. The Internet has also become an important environment for extremists and terror groups to communicate their beliefs globally in order to recruit others and generate funds.

In light of the increasing adoption of technology, it is critical that researchers explore the complex effects of computer technology on human behavior and the intersection of real world and virtual experiences. *Crime Online* uses empirical tests and unique data to provide detailed criminological explorations of multiple forms of cybercrime, including phishing, hacking, and sex crimes. This text also includes a comprehensive exploration of cyberterrorism and activism in online environments. The law enforcement and policy responses to cybercrimes at the local, state, and federal level are also discussed in detail. This work provides practical policy discussions that will benefit academics, law enforcement, legal counsel, and students at the undergraduate and graduate level.

Specifically, the third edition includes updated sections on digital piracy and cyberterror. Three new chapters by well-known authors in the field include a qualitative assessment of computer hacking and fraud through a lens of criminological theory, an examination of experiences with the customers of prostitutes in an online review forum, and an overview of the state of cyberstalking research over the last decade. These revisions extend the scope of the third edition and make it an extremely valuable text for cybercrime scholars and students alike.

From reader reviews:

Kelley Thornton:

What do you consider book? It is just for students since they are still students or this for all people in the world, what the best subject for that? Simply you can be answered for that query above. Every person has several personality and hobby for each other. Don't to be obligated someone or something that they don't wish do that. You must know how great in addition to important the book Crime Online. All type of book would you see on many methods. You can look for the internet sources or other social media.

Charles Greiner:

Book is to be different for every grade. Book for children until finally adult are different content. To be sure that book is very important for us. The book Crime Online ended up being making you to know about other knowledge and of course you can take more information. It is extremely advantages for you. The e-book Crime Online is not only giving you much more new information but also being your friend when you sense bored. You can spend your personal spend time to read your e-book. Try to make relationship with the book Crime Online. You never really feel lose out for everything when you read some books.

Fernande Hairston:

Reading a book can be one of a lot of activity that everyone in the world really likes. Do you like reading book thus. There are a lot of reasons why people fantastic. First reading a e-book will give you a lot of new facts. When you read a publication you will get new information since book is one of several ways to share the information or even their idea. Second, examining a book will make anyone more imaginative. When you looking at a book especially fictional book the author will bring you to imagine the story how the characters do it anything. Third, you may share your knowledge to some others. When you read this Crime Online, you could tells your family, friends and also soon about yours publication. Your knowledge can inspire average, make them reading a book.

Dwight Richardson:

Playing with family in the park, coming to see the marine world or hanging out with friends is thing that usually you have done when you have spare time, subsequently why you don't try thing that really opposite from that. 1 activity that make you not sense tired but still relaxing, trilling like on roller coaster you have been ride on and with addition details. Even you love Crime Online, it is possible to enjoy both. It is fine combination right, you still would like to miss it? What kind of hang-out type is it? Oh come on its mind hangout fellas. What? Still don't understand it, oh come on its called reading friends.
