Is nothing sacred?: When sex invades the pastoral relationship Marie M Fortune

This is the case study of a church as an institution, as a community of faith, and as a family. It is the story of a pastor, of six women who risked a great deal to come forward and tell of their relationships with him, of the many players who knew and did nothing or who knew and did something, and of a congregation that was broken apart by the actions of its pastor. It is a story about ordinary, decent, well-meaning people faced with extraordinary circumstances.
