"Set it and forget it" investing, with less risk and higher returns

Get Rich with Dividends is the bestselling dividend-investing book that shows investors how to achieve double-digit returns using a time-tested conservative strategy. Written by a nineteen-year veteran of the equity markets, this invaluable guide shows you how to set up your investments for minimal maintenance and higher returns, so you can accumulate wealth while you focus on the things that matter. Using the author's proprietary 10-11-12 system, you'll learn how to generate the income you need on a quarterly or even monthly basis. You'll discover the keys to identifying stocks that will return twelve percent or more every year, and how to structure your investments for greater security and financial well being. This method is so easy to use, you'll want to teach it to your children early to set them up for financial independence and help them avoid the problems that plagued many investors over the past decade.

Dividends are responsible for 44 percent of the S&P 500's returns over the last eighty years. They represent an excellent opportunity today, especially for investors who have been burned in recent meltdowns and are desperate for sensible and less risky ways to make their money grow. This book describes a framework that allows investors to reap higher returns with a low-to-no maintenance plan.

- Set up an investment system that requires little to no maintenance
- Achieve double-digit average annualized returns over the long term
- Focus on other things while your money works for you
- Increase returns even with below-average growth in share price

Market risk is high and interest rates are low, making it a perfect time to get started on a more sensible wealth generation strategy. With expert guidance toward finding and investing in these unique but conservative and proven stocks, *Get Rich with Dividends* is the only book on dividend investing you'll ever need.
