With project management becoming an increasingly global endeavour, a comprehensive and international student text that reflects this reality is essential.

**International Project Management** does just that, systematically linking the key elements of cross-cultural management and the particularities of an international context, with the tools and techniques of project management.

Key features include:

- A wide variety of examples and illustrations, including an in-depth, end-of-chapter case study with case questions;
- Student exercises and review questions;
- Detailed further reading
- The full support of a Companion Website, featuring a Teacher's Manual
