Racial Identities, Genetic Ancestry, and Health in South America

S. Gibbon, R. Santos, M. Sans

Racial Identities, Genetic Ancestry, and Health in South America S. Gibbon, R. Santos, M. Sans

This unique edited collection brings together biologists, geneticists, and social and biological anthropologists to examine the connections between genetics, identity, and health in South America. It addresses a wide range of theoretical issues raised by the rapid changes in the field of genetic sciences. Contributors come from Brazil, Colombia, Argentina, Uruguay, the UK, and the United States, providing a comparative cultural perspective for scholars, researchers, and students.
