The You Code: What your habits say about you James Moore, Judi James

Did you know that the way you eat your food will be sending subliminal messages out about your sexual habits? Or that the way you decorate your desk, could be helping your boss decide about that promotion or pay rise? We're all aware of the subtle messages of design and marketing but what about the signals you send out about yourself and your personality?

The You Code is the book that answers all these questions, uncovering the hidden meaning behind the simplest of choices. Judi James, with co-writer and journalist James Moore, pulls no punches in her addictive and entertaining book which gets to the nub of who you really are, telling you more about yourself than you ever wanted to know, as well as providing an intriguing insight into the people around you.

From your favourite TV programme to the type of coffee you drink, even down to the filling in your sandwich, *The You Code* is a must for anyone who wants to find out more about themselves and, more importantly, what everyone else thinks of them.

From reader reviews:

Mark Frey:

What do you about book? It is not important along with you? Or just adding material when you really need something to explain what your own problem? How about your extra time? Or are you busy man or woman? If you don't have spare time to accomplish others business, it is gives you the sense of being bored faster. And you have time? What did you do? Every individual has many questions above. The doctor has to answer that question because just their can do that will. It said that about book. Book is familiar on every person. Yes, it is right. Because start from on pre-school until university need that The You Code: What your habits say about you to read.

Joel Fallis:

As people who live in the actual modest era should be upgrade about what going on or data even knowledge to make these individuals keep up with the era and that is always change and progress. Some of you maybe may update themselves by looking at books. It is a good choice for yourself but the problems coming to you actually is you don't know what one you should start with. This The You Code: What your habits say about you is our recommendation to cause you to keep up with the world. Why, as this book serves what you want and need in this era.

Janice Martin:

Nowadays reading books become more than want or need but also become a life style. This reading behavior give you lot of advantages. The huge benefits you got of course the knowledge your information inside the book which improve your knowledge and information. The info you get based on what kind of guide you read, if you want send more knowledge just go with knowledge books but if you want truly feel happy read one having theme for entertaining for example comic or novel. The The You Code: What your habits say about you is kind of book which is giving the reader erratic experience.

Mark Morrow:

Reading a book can be one of a lot of activity that everyone in the world enjoys. Do you like reading book therefore. There are a lot of reasons why people like it. First reading a e-book will give you a lot of new details. When you read a reserve you will get new information mainly because book is one of many ways to share the information or perhaps their idea.
