Listened to from start to finish, the book tells a coherent narrative about Connor's coming of age and becoming an adult and the ups and downs that are a part of that. A cross between an essay collection and a coming-of-age memoir, told in brief, the book is divided into sections, each beginning with a short introduction about what's affected Connor growing up. For example, a section on family begins with a short piece on Connor's family and what he's learned from them, so that his fans can get a greater insight into his life and learn something from it.
