## **Dermatologie: Réussir les ECNi (French Edition) Cedef**

En parfaite conformité avec le nouveau programme de DFASM, cet ouvrage aborde les connaissances fondamentales en dermatologie. Il comprend deux parties :

- une partie Connaissances qui aborde tous les items pour lesquels la dermatologie est concernée : chaque chapitre comporte le numéro de l'item et de l'UE concernés et commence systématiquement par un rappel des objectifs pédagogiques puis développe la thématique, étayée de points clés, de notions à retenir, de tableaux, de figures et de photographies en couleur ;
- une partie Entraînement qui propose des cas cliniques commentés (correspondant aux modalités des ECN jusqu'en 2015) et des cas cliniques QRM (sur le modèle des dossiers progressifs) avec grilles de correction, offrant un véritable outil d'auto-évaluation.

Cette 6e édition est une remise à jour complète de l'ensemble des données au regard des avancées médicales, en conformité avec le nouveau programme et les nouvelles épreuves. Elle propose par ailleurs des compléments accessibles sur un site internet et par flashcodes. Fidèle à l'esprit des précédentes éditions, l'ouvrage s'inscrit dans la collection Les référentiels des Collèges, dont le format et la maquette en quadrichromie offrent une clarté de lecture et facilitent la compréhension et la mémorisation.
