William G. Bowen, Derek Bok

The Shape of the River: Long-Term Consequences of Considering Race in College and University Admissions William G. Bowen, Derek Bok

This is the book that has forever changed the debate on affirmative action in America. *The Shape of the River* is the most far-reaching and comprehensive study of its kind. It brings a wealth of empirical evidence to bear on how race-sensitive admissions policies actually work and clearly defines the effects they have had on over 45,000 students of different races. Its conclusions mark a turning point in national discussions of affirmative action--anything less than factual evidence will no longer suffice in any serious debate of this vital question.

Glenn Loury's new foreword revisits the basic logic behind race-sensitive policies, asserting that since individuals use race to conceptualize themselves, we must be conscious of race as we try to create rules for a just society. Loury underscores the need for confronting opinion with fact so we can better see the distinction between the "morality of color-blindness" and the "morality of racial justice."

Tonya Deschamps:

Is it a person who having spare time in that case spend it whole day simply by watching television programs or just telling lies on the bed? Do you need something new? This The Shape of the River: Long-Term Consequences of Considering Race in College and University Admissions can be the answer, oh how comes? A fresh book you know. You are and so out of date, spending your time by reading in this brand new era is common not a geek activity. So what these publications have than the others?

Alexandria Sharp:

As a college student exactly feel bored to be able to reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just very little students that has reading's heart and soul or real their leisure activity. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that studying is not important, boring in addition to can't see colorful photos on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. So , this The Shape of the River: Long-Term Consequences of Considering Race in College and University Admissions can make you experience more interested to read.
