What if your future was the past? Miranda Wellborn takes a trip of a lifetime to Norway to explore visions given her by recurring dreams. Never in her life does she imagine touching a real Viking ship will send her one thousand years into the past. She is soon claimed by a Viking warrior, the man from her visions. But her dreams are nothing like the reality of living in a time that is not her own, and she struggles to learn how to survive until she can return home. Agnar Eiricksson hates the Danes. Bent on exacting revenge against them for killing his lady wife, he forges plans to attack their shores and enslave men, women and children. So why would he rather possess one spoil of war than keep her chained with the rest of the thralls? When Agnar accepts the truth of where she's from, he must decide if keeping her with him is the right choice. Miranda must use every ounce of self-preservation to keep her heart concealed from her fierce warrior. Where is her destiny meant to be? Back in Florida, or will love win out and keep her with the man of her dreams?
