Theodore Roosevelt

Theodore Roosevelt: An Autobiography Theodore Roosevelt

Theodore Roosevelt, besides being the 26th President of the United States, was also an explorer, naturalist, author, and historian. Eventually he, along with other mythologically significant American presidents, ended up a giant stone head in South Dakota, no small feat. He wrote at least 18 books in his lifetime, including this autobiography which traces his humble beginnings as a sickly child afflicted with asthma, forcing him to be home-schooled for most of his life, to his time with the Rough Riders - the 1st United States Volunteer Cavalry - during the Spanish-American War. All this in his own words, Roosevelt is still considered one of the greatest of American Presidents.
